

Morges, 05.09.2017

**Technical note N°2/2017**

- A) From 25<sup>th</sup> September 2017, the new one-design pit winches will be the following: Harken 50.2STR. The RC44 Class will not have spares for the old 44.2 STA winches anymore.
- B) From 25<sup>th</sup> September 2017, the length of the forestay strop shall be minimum 2700mm, the diameter remain the same.

The above changes become part of the RC44 Class Rules 2017 and Appendix H will be amended accordingly in the 2018 version of the Class Rules.
